

Who is Prepare for Success?

Prepare for Success is the longest running, most successful, and most comprehensive review/prep course for the counselor exam in business today. It's our 11th year!

Together we bring many years of counseling and professional experience to our workshop program. And, we have spent many years developing, refining and teaching how to pass this specific exam.

We have a **98% success rate** for our students who take the NCE (National Counselor Exam) in Mental Health Counseling. Wow! And it is not by accident.

As LMHC, CCMHC & NCC ourselves, we have gone through the rigorous training, testing and preparation process ourselves (and no, we didn't enjoy it!). We said to ourselves "There must be a better way!" And so, Prepare for Success was born.

As you know, there is a LOT to be tested on in our field. So where to start, you ask?

Well, we already did it for you. **We have condensed the materials from over 30 textbooks (yes, really!) needed in the exam.** All to help you focus your study on the materials you need to "Succeed" on your exam.

And, because we stand by our course, **we allow you to sit-in on the course FREE the next cycle, if you do not succeed after taking our class.** Who else will do that?

Lastly, we both believe that the best way for students to learn is in a relaxed, enjoyable atmosphere. We strive to create a learning environment that is interactive, realistic and tailored for your "Success."

Come join us!

We have a great reputation in the workshop and licensure industry due to our **98% success rate** and the fact that over **80%** of our students came to us through word of mouth. Go ahead, ask your colleagues who they recommend to help you pass the test!

"Failure to prepare....is preparing to fail..."

Study with the clinicians!
