Looking for some business services & products

in Tampa Bay? You've come to the right spot!

Several professionals were at a Junior League\* meeting in 1999 and lamented the lack of quality professional women's networking groups in Tampa. And so **Exceptional Professionals** was born!

We are a group of Tampa business professionals who love our work and are willing to share our services and expertise with each other. All of us are committed to our families, charitable work, and investing in our community.
